## Explorers Wanted!

Life is about experiences and if you have a passion for travelling, for exploring new places and new experiences, then Sun Living is the brand for you! We love blazing a new trail when it comes to leisure vehicle design and we seek like-minded people who love discovering new places.

We like to say that Sun Living is so much more than just a different way of travelling. It's a new way of looking at the world.

Sun Living. Explorers wanted!

## Explorer tip

Plan an itinerary but also follow your heart. Getting there is part of the fun!

Sally. We named our new S Series, Sally, because she had already become one of the family. When we look at her we just think about all the good times she's brought us and plan where we will explore next. Family time and together time, being outside and having fun. We take her exploring all the time, or rather she takes us. She is always ready to go, with minimal fuss and we get away as often as we can. Sometimes we even get away without the kids too.

"Sun Living understand that motorhomes don't need to be complicated. We love the simplicity."

The S Series means we are outdoors a lot more but when we are inside, the amount of space is amazing, which is important with a family when someone's in the shower, someone is preparing a meal and the others are relaxing.

"Our layout has the front bed, which is the kid's special place. They sleep up top and we never hear them, except for the occasional giggle!"

If you love discovering new places, you'll love to explore them in one of our new camper vans or motorhomes.
