LA TUA ISOLA DI COMFORT

L'originalità della forma esterna dei mezzi P.L.A. associata al letto motorizzato, ti permette di posizionare il letto all'altezza esempio per fare colazione quando il tuo basculante è chiuso che in pochi secondi ti libera la dinette, senza occupare i gemelli in coda che all'occorrenza diventano un unico letto garage.

The comfort of your island

The originality of the external shape and the practicality and exclusivity of the lifting-bed system that allows to fix the bed at any height make the best use of the dinette, for example by having a breakfast while your lifting bed is busy. With the motorized lifting bed in a few seconds your dinette is free without occupying any space when not needed. In the rear are two single beds that can be turned into one bigger bed 2.20 meters wide and a large and bulky garage; that's really a point of strength in comparison with other models.

Der Komfort auf Ihrer Insel

Die Originalität der Außenformen der P.L.A.- Fahrzeuge verbunden mit der Nützlichkeit und dem motorisierten Hubbett erlauben, die Höhe zu regulieren und sich somit in der Sitzecke aufzuhalten, zum Beispiel zum Frühstücken, auch wenn das Hubbett besetzt ist. Dieses Hubbett-Fahrzeug kann in ein paar Sekunden das Bett elektrisch gesteuert nach oben verschwinden lassen, um so freien Platz zu schaffen, hat unter anderem auch zwei Einzelbetten im Heck, die sich bei Bedarf in ein Dreierbett mit einer Breite von 2,20 m verwandeln können und bietet trotzdem eine geräumige Kabine, die verbleibt.

Le confort de votre île

L'originalité de la forme extérieure des véhicules P.L.A. associée à la praticité et l'exclusivité du lit de pavillon motorisé qui permet de positionner le lit à la hauteur qui plus vous convient pour utiliser la dinette. Par exemple, pour faire le petit déjeuner lorsque le lit de pavillon est occupé. Un lit de pavillon à entraînement électrique, qui débarrasse la dinette en quelques secondes sans occuper la place; lits jumeaux à l'arrière qui en cas de nécessité deviennent un grand lit de 2,20 mètres unis à la commodité d'un très grand garage.
